PATENT
2611-0143P

IN THE U.S. PATENT AND TRADEMARK OFFICE

Applicant: Toru ISHII Conf.: 4400
Appl. No.: 09/834,603 Group: 2644
Filed US: April 16, 2001 Examiner: L. GRIER
For: STEREOPHONIC SOUND FIELD REPRODUCING
APPARATUS

COMMENTS ON STATEMENTS OF REASONS FOR ALLOWANCE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

June 28, 2005

Sir:

In response to the Examiner's Reasons for Allowance accompanying the Notice of Allowance issued April 22, 2005, Applicant offers the following comments

REMARKS

Claims 1, 2, 4-8, 10, and 15 have been allowed in connection with the present application. The Examiner, in the Statement of Reasons for Allowance, indicates that:

[T]he prior art of record fails to specifically or fairly suggest speakers/loudspeakers in a particular position in a particular vicinity outputting a signal based on a crosstalk component between an opposing speaker/loudspeaker unit in the same vicinity for a 1st or 2nd ear, respectively, in each 1st and 2nd vicinity, therein as claimed.

Initially, while Applicant agrees that each of the pending claims defined over the prior art of record, Applicants wish to emphasize that it is each claim, taken as a whole, which defines the claimed invention. Furthermore, the Examiner's statement apparently

paraphrases certain limitations of independent claim 1. In view of the different language recited in claim 1, Applicant submits that the Examiner's statement should not in any way unduly limit the scope of the claim 1. Instead, each claim should be interpreted only according to the actual language contained therein.

Conclusion

If the Examiner has any questions or needs to discuss any matters dealing with this application, he is requested to contact the undersigned at (703) 205-8000 in the Washington, D.C. area.

Respectfully submitted,

BIRCH, STEWART, KOLASCH & BIRCH, LLP
